

Article Review

Main theme:

What are the main themes of the article (what is the subject)? Include a location if applicable.

Key points/ facts:

Add specific details that would be useful to include in essays or to support case studies

Summary:

Condense the article and summarise the key concepts and theme into one paragraph

Is it a balanced argument:

Does the article look at both sides of the argument? Does the source of the article have an interest / bias on the issue? Does the author have an agenda to promote when writing the article?

Section of syllabus:

Explain here which section of the syllabus the article fits and how.

What possible questions/essay titles could be given?
