## Information regarding work scheduling for all year groups

### Year 9 and Year 10

On the timetabled lesson slot work will be set through Google Classroom and many lessons will be delivered 'live' through Google Meet. Where possible, we are asking that students endeavour to sign in at the allocated time and complete the work that has been set and interact with their teacher. Staff will also be setting individual work for students to complete outside of their Google Meet lesson. A copy of the Year 9 and Year 10 timetable can be found below

## Year 7 and Year 8

For both Year 7 and 8, we are aiming to provide approximately 15 hours worth of learning resources per week - this will give students approximately 3 hours worth of work per day. This work will be set through Google Classroom. The timetable below will help students and parents structure the completion of work.

As we move forward, having completed and evaluated an online survey conducted with Year 7 and Year 8 parents, we will do our best to ensure:

- \*The need to print is reduced
- \*Deadlines are extended
- \*Work is set in smaller chunks
- \*Work can be completed on a range of devices, or on paper (if the student wishes)
- \*Tasks are spread throughout the week
- \*Work is organised into topics for easy access
- \*A range of activities are provided

We are continuing to work hard, in these uncertain times, to ensure our students are able to continue with their learning without feeling overwhelmed and anxious. As we move forward we are continually evaluating what has worked well and making adaptations where necessary. In addition, we are trying our best to ensure that our students are supported socially and emotionally. We are very grateful for the support that has been shown by parents and carers and we look forward to working with you over the coming weeks.

If you, or your child, encounter any issue with Google Classroom or Meet then please contact your child's teacher in the first instance this can be done by your child through Google Classroom, or staff email address can be found on our website.
