GCSE Revision Schedule 2018/19
Updated April 2019.

Aspire • Engage • Achieve

First Exam Date: Monday 13th May

Useful Revision Techniques

Some revision techniques will apply best to certain subjects, others are more general. Ultimately, you will select your preferred method.

- Mind Maps – Start with a central topic and create branches with sub branches that contain facts, figures, ideas and information.
- Revision Cards – A postcard sized card which contains information about a topic, often in bullet point form.
- Flow Charts – Used to help learn processes or sequences of events.
- Key Word/Definition Cards – Used to help learn key subject specific vocabulary.
- Mnemonics- Uses initials/abbreviations for learning information.
- Highlighting Texts – Read a text and highlight key points.
- Post-it Notes – Useful for writing short reminders within revision books.
- Producing Time Lines – Used to help learn the sequence of events.
- Using Images/Drawing Diagrams – Useful for learning how things work. Also useful for visualising information.
- Watching Video Clips – Often found on revision websites.
- Speaking and Listening about a topic – Including discussing topics with others.

Equipment for Revision

- Pens, pencils, ruler, eraser, sharpener
- Scissors and glue
- Paper, notebooks, revision cards, post-it notes
- Highlighters, colouring pencils/pens
- Revision guides and a dictionary
- Calculator

Academic Guidance

If you are concerned about your progress speak to your subject teachers, tutor, or Achievement Leader.
